

November' 2021

"Children are like buds in a garden and should be carefully and lovingly nurtured, as they are the future of the nation and the citizens of tomorrow. Only through right education can a better order of society be built up."

- Jawaharlal Nehru

Month-November

November, a month that is a tangy mix of cold and bright, a transition month between the rainy monsoon and the cold weather, a month of festivals and celebrations, and a month very special for the kids. Winter outfits begin to rule the wardrobe. It is the month when we pull out our fancy pull-overs, blazers, and overcoats. November is the month of a new beginning, it's cheerful and colorful.

Leaves are falling,
Winter's calling
We are thankful
For our friends
NOVE-M-BER
It's November once again.

Message from Vice President (Academics)

A very Happy Children's Day to all the Bacpanites, always climb the ladder of success with utmost dignity and respect. You all are the building blocks of our nation so grow optimistically. If a country seems to be developed and prosperous, the only reason is the young minds behind this aspect. You have new and innovative ideas to make our nation proud. We cannot ignore your involvement and contribution in the life of parents, teachers, and other people related to you in your life. You are the guiding lights in our lives. May you all conquer the world and come out with flying colors in the future.

- Rosy Ahuja
V.P (Academics), BachpanLive

Virtual Celebrations

The last two years have taken a lot from us. It kept us far in terms of distance but was unable to keep our kids away from fun and learning. The virtual celebrations at BachpanLive have been active every month to pump up the spirits within our children. This month was no different as we celebrated the festivity with several activities and lots of fun.

Diwali:

The auspicious festival of lights was celebrated virtually to mark the return of Lord Rama to Ayodhya after defeating the devil Ravana. A short interesting story on Diwali was showcased for the kids and a fun activity, "Festoon" making was organized for our budding buds. In this activity, not only the kids but also the parents participated enthusiastically. So, here is a glimpse of the virtual Diwali celebration.

Children's Day:

To celebrate the most special day for children, team BachpanLive conducted a fun-filled activity, "Super Learner Crown" for little champs. Kids super excitedly made this crown and wore it. Each child resembled an angle after wearing the crown. Let's have a glance at this celebration.

Saturday Blast

"Creativity is thinking up new things.
Innovation is doing new things."

Saturday activities encourage kids to explore, experiment and learn independently. Through these activities, the educators seek to equip children with skills in critical analysis, problem-solving, and creativity. So let's have a sneak peek at these activities.

20th November: Rainbow tissue activity

Kids have done Rainbow tissue activity where they learned how water travels from one place to another with the help of tissue papers. They enjoyed this colourful activity a lot and shared their experiences on the same.

27th November: Zumba

To boost kids' mental and physical power, teachers have arranged a Zumba session this month where kids were engaged in Zumba dance with their parents. The parents and the kids enjoyed the session a lot.

DIY For the Mother and the Child

Make a cardboard dollhouse

Material required

- Empty cardboard box (3-4)
- Gift wrap for wallpaper
- Duct tape (try fun colours!)
- Glue stick

Steps:

1. Gift wrap the cardboard boxes with glue by using colourful gift wrappers. (Open from one side)
2. Attach and join together the cardboard boxes with the help of tape.
3. Decorate each section as kitchen, bedroom, living room as per your choice.
4. Welcome your doll to its new house and have a great time with your child.

Parenting tips

1

Set a schedule:

Make a screen time schedule for your child. Follow this schedule consistently and persist no matter how much your child tries to avoid it.

2

Make technology-free zones in your house:

Create screen-free zones in your house where you won't bring in any electronics like smartphones, tabs, or laptops. For instance, your dining area can be a technology-free zone, which is only reserved for family conversations and meals.

Brain Booster

DID YOU KNOW ?

A sea turtle can live for more than 100 years. That's longer than Humans and elephants!

The Monkey and the Crocodile

There was a monkey that lived on a berry tree on the riverbank. He ate the delicious berries every day.

Once, he saw a crocodile resting under a tree who looked tired and hungry. He gave the crocodile some berries.

The crocodile thanked the monkey. Soon, they became best friends. The monkey gave the crocodile berries every day.

One day, the monkey gave the crocodile extra berries to take home to his wife.

His wife, a wicked crocodile, enjoyed the sweet berries, but then told her husband that she wanted to eat the monkey's heart as that would be sweeter!

The crocodile was upset at first but decided to give in to his wife's wishes.

The next day, he told the monkey that his wife invited the monkey home for dinner. As the crocodile carried the monkey on his back across the river, he told him about his wife's plan to eat his heart.

The monkey, being smart, told the crocodile that he left his heart on the berry tree and needed to get it. The crocodile foolishly took him back to the berry tree. On reaching, the monkey climbed onto the tree.

"Who will keep the heart on a tree? You have betrayed my trust. We can never be friends again!" the monkey told his friend.

Sad after losing his friend, the crocodile swims back to his wicked wife.

Moral of the story

Choose your friends and the people you trust wisely.
Moreover, never betray the trust of someone who trusts you.

FUN ACTIVITY

Match the objects with their shadows.
